

**Priest River Lamanna High School**  
Senior Project Journal  
2019-20

Each time you work on your project reflect on your activities for the day in writing. What did you accomplish? What questions do you have? What was difficult? What went well? What do you wish you would have done? Who gave you good advice? What needs to be accomplished next time? Write your first two entries on this page, and then use your own paper for day three.
